REPLY TO THE ATTENTION OF

Mr. Donald J. Steyer
Vice President of Operations
Envirosafe Services of Ohio, Inc.
876 Otter Creek Road
Oregon, Ohio 43616

Re: Final Federal RCRA Permit, Envirosafe Services of Ohio, Inc.
Oregon, Ohio, OHD 045 243 706

Dear Mr. Steyer:

Enclosed is a copy of the final Federal portion of a Resource Conservation and Recovery Act (RCRA) Hazardous Waste permit for the above-referenced facility. The complete RCRA Hazardous Waste permit contains both Federal permit conditions (contained herein) and State permit conditions, which were issued separately by the State of Ohio RCRA program authorized under Title 40 of the Code of Federal Regulations (40 C.F.R.) Part 271. Any hazardous waste activity not included in the Federal portion of the RCRA permit or in the State portion of the RCRA permit is prohibited when such activity requires a RCRA Hazardous Waste permit.

The draft Federal RCRA permit was publicly noticed in the *Toledo Blade*, Toledo, Ohio, and *WXUT* radio station on or about June 3, 2016. A copy of the draft Federal RCRA permit was available for review at the Toledo-Lucas County Public Library, Oregon Branch, 3340 Dustin Road, Oregon, Ohio 43616. The public comment period extended from June 3 to July 22, 2016. A public meeting was held on July 14, 2016, 6:00 p.m. at the Lake Erie Center, Room 155, 6200 Bayshore Road, Oregon, OH 43616.

The comments received by U.S. Environmental Protection Agency on the draft Federal RCRA permit during the public comment period were submitted by Envirosafe Services of Ohio, Inc. EPA's Response to Comments on the Federal Draft Permit is enclosed with this letter.

This Federal permit is effective on **November 4, 2016 and valid until September 30, 2026**, unless the Federal permit is revoked and reissued, or terminated pursuant to 40 C.F.R. § 270.41 and § 270.43. Failure to comply with any conditions of the Federal permit may result in civil and/or criminal Penalties.

You may appeal the issuance of this permit by filing a petition for review with the Environmental Appeals Board.

A petition for review of any condition of a RCRA permit decision must be filed with the Environmental Appeals Board within 30 days after EPA serves notice of the issuance of the final permit decision. 40 C.F.R. § 124.19(a)(3). When EPA serves the notice by mail, service is deemed to be completed when the notice is placed in the mail, not when it is received. However, to compensate for the delay caused by mailing, the 30-day deadline for filing a petition is extended by three days if the final permit decision being appealed was served on the petitioner by mail. 40 C.F.R. § 124.20(d). Petitions are deemed filed when they are received by the Clerk of the Board at the address specified for the appropriate method of delivery. 40 C.F.R. § 124.19(a)(3) and 40 C.F.R. § 124.19(i). Additional information regarding petitions for review may be found in the Environmental Appeals Board Practice Manual (January 2013) and A Citizen's Guide to EPA's Environmental Appeals Board, both of which are available at http://yosemite.epa.gov/oa/EAB_Web_Docket.nsf/General+Information/Environmental+Appeals+Board+Guidance+Documents?OpenDocument.

Eligibility to appeal the Federal permit is discussed further in 40 C.F.R. § 124.19. General filing requirements are contained in the Environmental Appeals Board Practice Manual and A Citizens' Guide to EPA's Environmental Appeals Board.

All documents that are sent through the U.S. Postal Service (except by Express Mail) must be addressed as follows:

Clerk of the Board
U.S. Environmental Protection Agency
Environmental Appeals Board
1200 Pennsylvania Avenue, NW
Mail Code 1103M
Washington, DC 20460-0001

Documents that are hand-carried in person, delivered via courier, mailed by Express Mail, or delivered by a non-U.S. Postal Service carrier (e.g., Federal Express or UPS) must be delivered to:

Clerk of the Board
U.S. Environmental Protection Agency
Environmental Appeals Board
1201 Constitution Avenue, NW
U.S. EPA East Building, Room 3334
Washington, DC 20004

A copy of the petition should also be sent to:

RCRA Branch (LR-8J)
U.S. Environmental Protection Agency, Region 5
77 West Jackson Boulevard
Chicago, Illinois 60604-3590

The procedures for filing an appeal are found in 40 C.F.R. § 124.19. The administrative appeal procedures must be completed prior to any action seeking judicial review.

If you have any questions concerning this permit, please contact Mr. Jae Lee of my staff at (312) 886-3781.

Sincerely,

Margaret M. Guerriero
Director
Land and Chemicals Division

Enclosure

cc: Bradley Mitchell, OEPA

Final
UNITED STATES ENVIRONMENTAL PROTECTION AGENCY
REGION 5

RESOURCE CONSERVATION AND RECOVERY ACT PERMIT

Facility Name and Location: Envirosafe Services of Ohio, Inc.
876 Otter Creek Road
Oregon, Ohio 43616

Owner: Envirosafe Services of Ohio, Inc.
876 Otter Creek Road
Oregon, Ohio 43616

Operator: Envirosafe Services of Ohio, Inc.
876 Otter Creek Road
Oregon, Ohio 43616

U.S. EPA Identification Number: OHD 045 243 706

Effective Date: November 4, 2016

Expiration Date: September 30, 2026

Authorized Activities:

The U.S. Environmental Protection Agency hereby issues a Resource Conservation and Recovery Act permit (hereinafter referred to as the "permit") to Envirosafe Services of Ohio, Inc. (addressed in the second person as "you" or "Permittee") in connection with the hazardous waste management operations at the Envirosafe Services of Ohio, Inc. facility, located in Oregon, Ohio.

This permit is issued under the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act of 1976, and the Hazardous and Solid Waste Amendments (HSWA) of 1984 (42 U.S.C. § 6901 *et seq.*) (collectively referred to as "RCRA") and EPA's regulations promulgated thereunder (codified, and to be codified, in Title 40 of the Code of Federal Regulations (40 C.F.R.)).

Specifically, this permit addresses air emission standards for equipment leaks, tanks, and containers, and miscellaneous units. See 40 C.F.R. Part 264, Subparts BB and CC.

The RCRA permit consists of both this permit, which contains the effective Federal RCRA permit conditions, and the effective State RCRA permit conditions issued by the State of Ohio's RCRA program authorized under 40 C.F.R. Part 271 (hereinafter called the "State RCRA permit"). Any hazardous waste activity which requires a RCRA permit and is not included in the RCRA permit is prohibited.

The State issued a RCRA permit on September 30, 2016. (The effective date and expiration date of the State RCRA permit are September 30, 2016 and September 30, 2026, respectively.)

Permit Approval:

On June 30, 1989, the State of Ohio received final authorization according to Section 3006 of RCRA, 42 U.S.C. § 6926, and 40 C.F.R. Part 271, to administer the pre-HSWA RCRA hazardous waste program. The State of Ohio has also received final authorization to administer certain additional RCRA requirements on several occasions since then. However, because EPA has not yet authorized the State of Ohio to administer certain regulations, including the air emission standards for equipment leaks (40 C.F.R. Part 264, Subpart BB) and tanks, containers, and miscellaneous units (40 C.F.R. Part 264, Subpart CC), EPA is issuing the RCRA permit requirements for operations at your facility which fall under these regulations.

You must comply with all terms and conditions contained in this permit. This permit consists of all the conditions contained herein, the documents attached hereto, all documents cross-referenced in these documents, approved submittals (including plans, schedules and other documents), the applicable regulations in 40 C.F.R. Parts 124, 260, 261, 262, 264, 268, 270, and applicable provisions of RCRA.

This permit is based on the assumption that the information submitted in your RCRA Part A and B Permit Renewal Application dated June 30, 2015 and all other revisions and addendums to that application (hereinafter referred to as the "Application") is accurate and the facility is configured, operated and maintained as specified in the Application and other relevant documents.

Any inaccuracies in the submitted information may be grounds for EPA to terminate, revoke and reissue, or modify this permit in accordance with 40 C.F.R. §§ 270.41, 270.42 and 270.43; and for enforcement action. You must inform EPA of any deviation from, or changes in, the information in the Application and other pertinent documents that might affect your ability to comply with the applicable regulations or conditions of this permit.

Opportunity to Appeal:

Petitions for review must be submitted within 30 days after EPA serves notice of the final permit decision. Any person who filed comments on the draft permit or participated in the public hearing may petition the Environmental Appeals Board to review any condition of the permit decision. Any person who failed to file comments or failed to participate in the public hearing on the draft permit may file a petition for review only to the extent of the changes from the draft to the final permit decision. The procedures for permit appeals are found in 40 C.F.R. § 124.19.

Effective Date:

This permit is effective as of November 4, 2016 and will remain in effect until September 30, 2026, unless revoked and reissued under 40 C.F.R. § 270.41, terminated under 40 C.F.R. § 270.43, or continued in accordance with 40 C.F.R. § 270.51(a).
